Serial No

3) Part of the loan amounting to 75% or so raised on behalf of Govt and it is not clear whether the Municipality is justified in keeping such amount in a private Bank and thereby get the benefit of the interest thereon which Govt has to pay interest at 6 % to the debenture holders

It is therefore suggested that the municipal portion of the loan is 1/4 and 3/4 of the sum actually collected may be allowed to be deposited by the Municipality in the Bank, the balance representing the Govt share of the loan Continuing in the Treasury.

LG 15/4/16

L O 2115 J15

Else) 4) Why not let the Municipality keep the whole loan as there for the present? When accounts are adjusted between Govt & the Municipality receipts as well as charges will be distributed pro rata

PUBLIC WORKS SECRETARIAT

Bangalore, 29th May 1916

Dear Sir,

With reference to your D.O.letter No.8695/M. dated the 27th instant, I write to say that the Sanitary Engineer has reported that, for preparing a project for the water supply to the Chitaldrug town, the necessary survey work is in progress and that a complete project may be expected to be received by the 10th Proximo.

As soon as it is received, it will be scrutinised and submitted to Government.

Yours sincerely,

V.R.Thyagaraja Iyer, Esq., M.A.,
Secretary to Government,
Revenue Department.

C. S Balasundrram Iyer Esquire B A ,
Deputy Commissioner,
C h i t a l d r u g

To

V R Thyagaraja Iyer Esquire M A ,
Secretary to the Government of
H H the Maharaja of Mysore
Revenue Department, Bangalore

S I R,

Adverting to your letter No 6390/Mi 93-14-30 dated 29th February 1916 re the prospectus for raising a loan of one lakh of rupees to finance the Water Supply Scheme of Chitaldrug town, I have the honor to state that due publicity was given to the prospectus and the response thereto is very encouraging. Upto this day debentures to the value of Rs 67675 have been purchased by the public out of which a sum of Rs 54650 has been actually credited to Treasury either in full payment of the debentures or towards the 1st instalments thereof I may also add that there is every likelihood of the full amount of the loan viz one lakh of rupees being realised before the end of May 1916

I therefore request that early and vigorous steps may be ordered to be taken in the P W D to put the work on hand and bring it to speedy completion as otherwise the Municipality will have to pay the interest on its share of the loan without being in a position to realise its receipts by levying water rate which can only be done when adequate supply of water is given to the town (Vide section 59 (1) (a) (iii) of the Municipal Regulation)

Sir, I will take care for the project to be prepared for [illegible] may not be required for expenditure for one time I can arrange to invest the sale of a large portion of the amount [illegible] for 3 months or other suitable [illegible] and may be able still if it is wanted I request

Chief Engineer of Mysore,

Bangalore

To

L.Krishna Row, Esq,

Secretary to Government, Revenue Department,

Bangalore.

Sir,

With reference to your letter No.9534/41.236-15-8 dated the 30th June 1916, requesting that the project for the water supply of the Chitaldrug town may be expedited, I have the honour to inform you that the Sanitary Engineer, Water Supply Division, reports that detailed estimates have been prepared but as the cost has greatly exceeded the original estimate due to increase in cost of pipe line and machinery and also to certain modifications in the original estimate, the project has been forwarded to the Deputy Commissioner, Chitaldrug District, as desired by that officer, for being placed before the Municipal Board for discussing the financial aspect. The project will be submitted to Government on receipt.

I have the honour to be,

Sir,

Your most obedient servant,

For Chief Engineer of Mysore.
